## **Information, Procedures and Playing Rules**

**Last updated June 2010**

**(Cal South / USYS / USSF Rules Apply EXCEPT as Modified Below)**

The Cal South Signature League is an advanced recreational soccer league for youth and families designed to promote skilled soccer, good sportsmanship, fair play and a safe environment. The objective of the Cal South Signature League is to provide our recreational based Leagues/Clubs with an intermediary playing level that better prepares players, parents and coaches in the transition from recreational play to competitive club play.

### **A. INFORMATION and PROCEDURES**

1. The Cal South Signature League will provide soccer playing circuits for boys and girls teams in the U9 – U15 age brackets. These Circuits provide for a skill and commitment level of soccer above the recreational level, yet below the club level. Individual Circuits may consider additional or alternate age brackets (older age categories) based on individual Circuit or geographic needs.
2. Playing Circuits are being established throughout the Southern California area. These playing circuits are set in smaller geographic areas in an effort to limit team travel distance and will be facilitated by Cal South. All Playing Circuit activities will be conducted and communicated therein via Individual Circuit Websites accessible through the Cal South home page. Each coach must provide an Internet e-mail address. A web site will provide general Circuit information, schedules, bracket standings and periodic season updates.
3. Circuit Formation:
  - a. Circuits will be formed with a primary focus on limiting travel distance for all teams within an individual circuit.
  - b. A Signature League Circuit will encompass a 20 – 25 mile radius within an area. Individual Circuit mileage restraints may be expanded as deemed appropriate.
  - c. Any Cal South League/Club in good standing, with a minimum of 300 recreational players registered for the current year, may apply for and sponsor Signature League teams in the playing circuit. CORIS roster confirmation may include Fall, Winter, Spring and/or Summer recreational programs.
  - d. Teams that participated in Signature Competition in 2008, from Leagues/Clubs that do not meet the 2010 requirements of rule 3c., may be grandfathered into Signature if they meet the following criteria:
    - i. The team must have a minimum of five (5) returning players from the 2008 season on the new roster, and
    - ii. At least one coach or assistant coach from the 2008 season must be on the new roster
4. Playing Circuit Entry fee will be \$200 per team for the fall playing season (Fall season being separate from Spring season – Spring fees determined each year). This fee will handle administration costs, web costs and awards for the season and the post-season tournament. This is a non-refundable fee payable to Cal South.

5. Each player shall be guaranteed a minimum 50% playing time in each game.
6. Any player participating on a team sponsored into a Signature League Playing Circuit shall be capped fee at \$350.00 for the playing season (Fall season being separate from Spring season). This capped fee includes all player registration and League/Club fees as well as any fees associated with the sponsored team. Any team/coach found violating the fee cap per player could be dropped from the Signature League Playing Circuit. Teams may be asked to provide the Circuit Director with a team Income and Expense Statement for the year. The statement should provide the number of team players, total income, itemized expenses to date and anticipated expenses for the remainder of the year.
7. A typical example breakdown of costs per player could be: Sponsoring League/Club Registration/Pictures/Other fees: \$50, Uniforms: \$80, Tournaments: \$80, Referee fees (league and playoffs): \$60, Miscellaneous Expenses (Circuit fee, team parties, etc.): \$50.
8. Players will be registered as Cal South recreational players within their own local sponsoring league or Club.
9. Each team shall have uniforms consisting of one white jersey with white socks to match, one colored jersey and colored socks to match and one pair of shorts. Each team will receive two Signature League patches per registered player. The official Signature League patch and/or logo is required on the player uniform for Signature League play. It may be sewed onto the left sleeve of both jerseys. In the event that the placement conflicts with a current league sponsor patch/logo, the patch may place on the opposite sleeve of the jersey or even on the player's shorts. Teams may utilize Cal South approved uniform suppliers to screen print the official Signature League patch artwork directly on uniforms in lieu of the Signature League patch.
10. A written explanation of Player fees and the cap shall be provided to each parent of each team player. Teams are not expected to purchase balls, player bags, water bottles or extra equipment for players.
11. Player fees should be used to pay for part-time trainers like Club Teams. Fees may be used to pay for short term or part time training, not to exceed four (4) hours per week. Sponsorships and donated services may be used for full time trainers.
12. Each League/Club sponsoring a team or teams in the Playing Circuit should provide assistance to those teams by:

Borrowed players are not allowed during the regular season or during post season play-off games.

24. It is highly recommended that U-14 and U15 players in High School play on a U-15 or U-16 team in another playing circuit. Per CIF rules, High School players are not allowed to play in non-High School games after Nov 30<sup>th</sup>.

25. A newly formed team may bring 5 players to their roster. Each League/Club should assist teams in establishing a published player evaluation date(s). It is in the sponsoring League/Clubs best interest to establish and publish player evaluation criteria prior to holding player evaluations and whether the coach or the League/Club will select players for the final team roster.

Established teams will use the same criteria as a newly formed team in establishing their final roster.

26. Each team will supply a game card (provided by Cal South) to the referee prior to the game. The referee will return the game cards to the Home Team. The Home Team will deliver the completed game cards, along with any additional information about sideline conduct, cautions or ejections, to their League/Club Coordinator. Individual player cards or coach cards shall not be taken from the coach/team should a red card be issued. The League/Club Coordinator will review the game cards and forward to the Cal South office only

those game cards that have yellow card, red card or sideline conduct problem information. The game cards are the official records of the Playing Circuit and the Cal South Signature League.

27. In the age bracket standings, each team will be awarded 3 points for a victory, 1 point for a tied game and zero points for a loss. All forfeit games shall be considered a score of 1-0. 31. If a coach deems it necessary to PROTEST a game because of misapplication of FIFA LAW, not a judgment call, the coach must notify the referees of the intent to protest, write a very brief statement on the card and sign the game card. The head coach should send an Internet e-mail explanation of the protest to the Circuit Director, including citation of the Circuit/FIFA rule the protesting team feels was misapplied. A \$50.00 cash protest fee payable to Cal South must be turned in within 48 hours to the Circuit Director. The Circuit Director may gather additional information and determine whether a FIFA, Cal South or Signature League rule violation has occurred or whether it was a referee judgment call. The Circuit Director shall make a ruling on the protest. If the Circuit Director upholds the protest, the protest fee will be returned to the team and the game shall be treated as a non-played game. An appeal of Circuit Director's ruling can be made to the entire Circuit Board. The appeal of any Circuit Board ruling can be made to the entire Signature League Board. The Circuit Director shall determine whether if and when an upheld protested game shall be replayed. PROTESTS ON REFEREE JUDGMENT CALLS WILL NOT BE ALLOWED.

32. General Conduct

a. The safety of all participants and the maintenance of an atmosphere of good sportsmanship are the responsibility of all players, coaches, administrators, parents and spectators.

b. The Signature League strongly suggests that team administrators welcome visiting players and parents to their home field and take an active role in urging parents from one team to introduce themselves to the parents of the other team before the game and at half time of each game. This is a positive gesture of sportsmanship and role modeling in addition to showing support and encouragement to all youth soccer players.

c. Coaches are responsible for all conduct on their sidelines. This includes players, parents, friends, visitors and spectators.

d. Any player, coach, administrator, parent or spectator promoting violence, enticing team dissent, or generally in violation of sub-paragraph a (above) should be brought before the local hosting League/Club for possible disciplinary action (including suspension or removal of that player, coach, administrator, parent and spectators). The Committee shall determine the eligibility of the player, coach, spectator or administrator in question.

d. Disciplinary points shall be counted as:

Upon a single team receiving fifteen (15) or more points in a single season (including post-season play) the team is suspended from play and the head coach must appear before a committee of the Circuit Board for a disciplinary hearing.

34. The local hosting League/Club has the authority to place any team, player or coach on probation or suspension for unsportsmanlike conduct on or off the field. The local hosting League/Club may place a team, player or coach on probation for a period of time and closely monitor the team or coach's conduct and activities. The local hosting League/Club may also suspend a team, player or coach from league play for a period of 1-2 games or for the remainder of the season. Any team under league suspension will forfeit all scheduled games with a score of (0-1) until suspension is complete. If it is found that multiple teams or players are equally at fault in the suspending of play in a game, then both teams will receive a forfeit (0-1, 0 points). Any disciplinary actions will be placed in writing and given to all offending parties. Any team, player, spectator or coach found responsible for promoting violence, instigating, or enticing a team disturbance, causing the referee to suspend play prior to the completion of regulation time, will have forfeited that game (even if they are winning at the time of the incident). The Circuit Director will review all such incidents and actions by the local hosting League/Club. The Circuit Director may place any team, player or coach on probation or suspension for unsportsmanlike conduct as deemed appropriate when the local hosting League/Club fails or refuses to take action.
